Subject: Microsoft Settlement

To whom it may concern:

I am so tired of these lawsuits. If we are to have jobs we need to keep big companies moving along not being held up in court action. These companies are the ones our people need in order to have jobs.

Microsoft is will to settle let them do it and get on with the peoples business and something more worthwhile like people who commit criminal acts against others not legal entanglements.

Thanks you for your time and I hope you are interested.
